PROFESSIONAL EXPERIENCE

Virtual Administrative Specialist / Bookkeeper

Condor POS Solutions (Client: InsureLine Brokers – Clear Cut)

October 2020 – April 2026

- Provided comprehensive administrative support through accurate documentation, data entry, and record-keeping across high-volume insurance brokerage operations.
- Managed digital filing systems using Applied EPIC, ensuring all client records, contracts, and audit documentation were organised, accessible, and compliance-ready at all times.
- Verified client and financial documents for completeness and accuracy, identifying and resolving discrepancies before they affected reporting or compliance outcomes.
- Updated and maintained financial logs, referral trackers, and operational reports with timely and precise information, supporting management decision-making and audit preparation.
- Communicated with brokers and internal team members to follow up on missing, incomplete, or incorrect documentation, ensuring records were resolved and complete.
- Performed general administrative duties including high-volume inbox management, form preparation, and document processing in line with established procedures.
- Managed accounts receivable and bookkeeping with 100% billing and commission reconciliation accuracy over a six-year engagement.
- Worked independently in a fully remote environment, managing competing priorities and meeting documentation deadlines consistently without supervision.

Commercial Insurance Administrative Assistant

Lundgren & Young Insurance

June 2014 – October 2020

- Processed and verified insurance application documents, converting handwritten records into accurate digital files and ensuring completeness and submission readiness for underwriters.
- Maintained organised digital filing and lead pipeline data in Power Broker, eliminating duplicate entries and keeping records accurate and accessible across the team.
- Communicated with producers and underwriters to follow up on document clarifications, missing information, and record updates, ensuring information flow remained timely and accurate.

- Managed a large-scale policy rollover project involving document migration and data verification across systems, completing all records accurately and on schedule.
- Maintained thorough chronological documentation trails supporting audit preparation, regulatory compliance, and internal reporting requirements.

KEY STRENGTHS FOR THIS ROLE

- Meticulous documentation processor — 10+ years verifying, organising, and maintaining records to audit-ready standards across regulated industries.
- Experienced managing both digital filing systems and compliance documentation trails, ensuring nothing is missing, misfiled, or out of date.
- Proactive communicator — consistently followed up with internal teams and external contacts to resolve documentation gaps before they became compliance issues.
- Highly organised multi-tasker with a proven ability to manage logs, trackers, reports, and correspondence simultaneously while maintaining precision.
- Available and committed to working mid-shift hours (5:00 PM – 2:00 AM PHT), fully aligned with the role's schedule requirements.
